Notes:

Boxes shaded in purple denote the "Add a New Acquisition Plan" page.

Boxes shaded in orange denote the "Assign Other Resources" page. All data fields are the same for the Acquisition Project "Assign Other Resources" page and the WP Project Plan "Assign Other Resources" page, except that the Acquisition Project page doesn't link to a specific WP Project. Adding a resource on the WP Project Plan page populates that resource to the Acquisition Plan and to the WP Project Plan. Adding a resource on the WP Acquisition Plan page populates that resource on the Acquisition Plan only.

## Data Formats

\* = Required data field

Yellow shaded boxes have a mouse-over instruction on the "Addl Requirements" tab

If "Grants and Agreements" is SELECTED:		Source
<b>Acquisition Plan Name*</b>	Option to create a new plan, or select an existing plan from a drop-down or by searching for it. Drop-down should auto-populate with all Acq Plans associated with the Project Plan's unit.	
<b>Item Name*</b>	Free-form, up to 50 characters; or select an existing item name from the Acquisition Plan (available if the AP was selected from the drop-down or search function; not just created). If an existing item is selected, all other data fields on the page should populate (except those fed to WorkPlan from the ESB).	
<b>Date Needed*</b>	MM/DD/YYYY	
<b>Cost Per Unit*</b>	utilize existing WorkPlan format / content	
<b>Unit of Measure*</b>	utilize existing WorkPlan format / content	
<b>Assignment Description</b>	utilize existing WorkPlan format / content	
<b>Cooperator Name*</b>	Free-form	
<b>Type of Funding*</b>	Incoming / Outgoing / No Fund	
<b>Total Funding Estimate*</b>	Whole dollar amount, up to 8 digits. Zero is an acceptable entry	
<b>Is This a Modification to an Existing Agreement?*</b>	New / Modification	
<b>For Modifications, Provide Original Agreement #*</b>	xxxx-xx-xxxxxxx-xxx, where the first 4 digits are the FY, the second 2 are characters designating the agreement type, and the rest is numerical. Validate entry to ensure appropriate number of characters. Would prefer that this be shown as four separate data entry boxes, where you move from one to the next after the character limit in the prior box is reached - e.g. type 2010, then your cursor is auto-moved to the second box, where you enter 1A). Should only display or activate if "modification" is selected in the field above.	
<b>Is This a Recurring or Multi-Year Agreement?</b>	Yes / No / Unsure	
<b>FS Technical Point of Contact (First and Last Name)*</b>	(is there an option to pick from Lotus Notes or Outlook?) Otherwise, just free-form entry	
<b>Is Project Approved for Current Program of Work?*</b>	Yes / No. "No" entries are only important for those projects that have no funding. If a funded project is on an approved WorkPlan, it is by default approved. If "no" is selected and the project has no funding associated with it, it should not be transmitted to IWeb.

## Data Formats

\* = Required data field

Yellow shaded boxes have a mouse-over instruction on the "Addl Requirements" tab

If "Lease Rent" is SELECTED:		
<p>The lease information displayed in WorkPlan is captured in IWeb. It will be sent from IWeb to the Acq Planning module, where the Leasing Officer can add more info (e.g. Leasing Officer Name and FS Contact Person, assignment description, remarks) if necessary. The Project Planner can then use this info to populate their WorkPlan with their lease cost, and have easy access to info on when their lease expires, how much it costs, etc without having to ask for it.</p>		Source
Acquisition Plan Name*	Must select an existing plan from a drop-down list or by searching for it. Lease Acq Plans will be created by WorkPlan upon retrieval of IWeb lease data (one Lease Acquisition Plan per 2-digit unit code) OR by Leasing Officers in the AP module. There will be one Lease AP per Region or Station (2-digit unit code level - so Region 01 is 0100, but would include all R1 leases).	Most are created by WorkPlan, but retain option to create a new one within WorkPlan
Item Name*	Select an existing item name from the Acquisition Plan for existing leases; create a new Item name for new leases. If an existing item is selected, all other data fields on the page should populate (most will come from the ESB, which will populate the AP module).	IWeb
Date Needed	MM/DD/YYYY	
Cost Per Unit*	Default to \$1	
Unit of Measure*	Default to DOLLARS US	
Assignment Description	free-form	
Requisition Unit	4-digit unit code	IWeb
Lease Number	Formats vary, so provide free-form entry for this field	IWeb
Lease Expiration Date	MM/DD/YYYY	IWeb
Annual Rent (Dollars)	Dollars, up to 9 characters. No decimals / cents	IWeb
Lease Delegation	FS / GSA (drop-down)	ESB will provide, based on what part of IWeb the data came from
Total Rentable Square Footage	Whole number, up to 7 digits	
Lease Location (City)	free-form	Auto-fill from IWeb for FS leases; Leasing Officer will enter for GSA leases
Lease Location (State)	pick from list of state codes; 50 states, PR, and DC	
Leasing Officer Name (First and Last Name)	Free-form	
FS Contact Person (First & Last Name)	Free-form	
New or Existing Lease?	New / Existing (drop-down)	
Term of Lease (Years)	Whole number, up to 3 digits	
Other Lease Costs (Remarks)	Free-form, Leasing Officer will summarize other costs to consider here.	

Whenever the term Acquisition Plan appears, add a mouseover that explains "Acquisition Plans include contracts, grants, agreements, and leases."

## **Statement of Work**

### **Interagency Geospatial Governance for Wildland Fire**

#### **Introduction**

The United States Department of Agriculture – United State Forest Service (USFS) is seeking experienced professional consulting services to support interagency geospatial data governance in support of wildland fire. The Interagency wildland fire community includes member agencies of the National Wildland Coordination Group (NWCG). The purpose of this effort is to develop and execute a governance model for NWCG member agencies for the creation, management, and maintenance of geospatial data for wildfire management.

#### **Contract Type/Duration**

This contract will be a firm fixed price award. The period of performance will be from the issuance of the contract to September 30, 2010.

#### **Description and Scope of Work**

Geospatial Technologies and its dependent data have become a critical element in the operation of federal, state, and local wildland fire programs. Demands for geospatial technologies, data, and its related products continue to increase as NWCG member agencies strive to operate more efficiently. Recent developments by the wildland fire community include applications that are interagency and national in scope requiring consistent data that crosses agency boundaries. Several studies and reports have been produced that examine geospatial technologies and data in support of wildfire. These reports describe the difficulties and challenges related to effectively managing and using geospatial information in support of wildland fire management. However, they have not provided a proposed governance or framework.

The objective of this Statement of Work (SOW) is to develop a comprehensive strategic framework to provide the foundation for a governance of geospatial data used in the management of wildland fire.

#### **Expectations:**

In order to complete this effort, the contractor will need to work in close cooperation with business subject matter experts (SMEs) that are knowledgeable of geospatial data, wildfire business areas, and other wildfire support functions. This includes members of the NWCG and should represent a cross section of the interagency wildland fire community.

#### **Tasks:**

##### **Task 1 – Assessment of Wildfire Data Needs**

A comprehensive analysis of the wildland fire programs business areas and assess geospatial data needs for these areas to operate efficiently and effectively.

- 1.1 Identify Wildfire business areas. These include areas related to the management, suppression, and planning of wildfire events.
- 1.2 Identify stakeholders from NWCG member agencies that produce, maintain, and use geospatial data and products in support of wildland fire management. Coordination will occur with NWCG Fire & Aviation Staff members.
- 1.3 Categorize stakeholders based on their area of work such as producer or customer.

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

- 1.4 Analyze the identified wildfire program areas of the NWCG member agencies as to the existing structure and processes in place for the creation, management, and use of geospatial data.

**Task 2- Stakeholder Analysis**

A comprehensive analysis of key stakeholders involved in the production, maintenance, and use of geospatial data and products that support wildland fire management.

- 2.1 Develop Assessment identifying missions, visions, goals, and roles and responsibilities of stakeholders.
- 2.2 Assess stakeholders by evaluating data creation and management strategies, and business rules they use in relation to wildland fire management.
- 2.3 Analyze and Report Results – Identify key findings and implications.

**Task 3- Analyze Agency Policy and Directives**

Compare and contrast agency policies and directives for the governance of geospatial data as they relate to wildfire management.

- 3.1 Gather Agency Policy and Directives as they related to wildland fire Geospatial Business
- 3.2 Analyze Agency Policy for similarities and discrepancies.
- 3.3 Conduct gap analysis of the current business processes vs. the desired or proposed process.
- 3.4 Identify key findings and implications; develop and deliver a report of these findings.

**Task 4 – Develop strategic framework that will align geospatial data with wildfire program needs.**

- 4.1 Identify Risks and Mitigation Strategies for aligning geospatial data with proposed strategic framework.
- 4.2 Identify ownership of geospatial programs and engage stakeholder s with aligning mapping their program areas to proposed framework.
- 4.3 Validate requirements at all levels of fire management.
- 4.4 Assist in managing organizational change, including: conducting organizational analyses, developing and executing a communications strategy, engaging stakeholders, and executing plan.

**Deliverables:**

- 1) Report findings related to Task 1, Assessment of Wildfire Data Needs. This report is to include an analysis of the geospatial needs and policies of the existing fire program business areas.
- 2) Report the results of the stakeholder analysis (Task 2). These results should assess the roles and responsibilities these stakeholders operate under.
- 3) Report agency policies and directives for the management of geospatial data and it's relation to wildfire. The report should compare and contrast agency policies with the needs of wildfire management.

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

- 4) Develop a framework that will enable the U.S. Forest Service and its interagency partners to define roles and responsibilities, develop a governance strategy for mapping validated requirements in to a framework for systemic modernization, collaboration, and governance.
- 5) Develop and assist with an implementation plan which includes communication, and change management from existing processes. The implementation plan will produce a more streamlined and efficient governance system.
- 6) Present findings to the NWCG, IIOG, and WFLIC.

**Documentation Requirements:**

All deliverables become property of the United States Government upon acceptance by the Contracting Officer. All documentation associated with the processes to complete the task is to be delivered to the USFS.

The contractor shall provide all available, comprehensive documentation as needed. Results of survey, raw data used to produce reports.

**Place of Performance:**

National Interagency Fire Center, Boise, Idaho

Offsite at Contractor place of work

Offsite with travel to interact with SMEs may be required (Expectation of 5 trips (average two days apiece) to either: Salt Lake City, Boise, or Missoula)\*

**Travel:**

Travel under this contract will only be reimbursed in accordance with the Joint Federal Travel Regulations. Per Diem rates for the outlined locations can be obtained on the GSA website ([www.gsa.gov](http://www.gsa.gov)). Detailed breakdowns of travel expenses need to be submitted for approval by the contracting officer before payments for travel will be made.

## **SECURITY**

By accepting this contract/agreement, the Contractor/Cooperator and other external organizations (hereafter called Contractor) providing Information Technology (IT) services to the US Forest Service (FS) agrees to comply with the applicable IT security policy as outlined in this document. The Contractor and other external organizations will be responsible for IT security for all systems connected to the FS network or operated by the Contractor and other external organizations for the FS, regardless of location. This clause is applicable to all or any part of the contract that includes IT resources or services in which the Contractor and other external organizations must have physical or electronic access to FS sensitive information that directly support the mission of the FS. The term 'information technology', as used in this clause, means any equipment or interconnected system or subsystem of equipment, that is used in the automatic acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. This includes both major applications and general support systems as defined by OMB Circular A-130.

The Contractor shall be responsible for properly protecting all information used, gathered, or developed as a result of work under this task. The Contractor shall also protect all unclassified Government data, equipment, etc., by treating information as sensitive business, confidential information, controlling and limiting access to the information, and ensuring the data and equipment are secured within their facility.

The Contractor or other external organization will not publish or disclose in any manner, without the FS Contracting Officer's written consent, the details of any programs, documentation, data, or safeguards either designed or developed by the Contractor or other external organization under this Contract or otherwise provided by the Government. Contractor may be required to sign non-disclosure or other appropriate security agreements. A written agreement between the FS and any contractors and other external organizations will be entered into before FS data and information otherwise exempt from public disclosure may be disclosed to the contractors and other external organizations. The contractor and other external organizations will agree to establish and follow security precautions considered by the FS to be necessary to ensure proper handling of data and information. As may be identified elsewhere in this contract, the Contractor agrees that:

- The draft and final deliverables and all associated working papers and other materials deemed relevant by the COTR that have been generated by the Contractor in the performance of this contract are the property of the U.S. Government and must be submitted to the COTR at the conclusion of the tasks.
- All documents produced for this project are the property of the U.S. Government and cannot be reproduced or retained by the Contractor.

To the extent required to carry out a program of inspection to safeguard against threats and hazards to the security, integrity, and confidentiality of Government data, the Contractor will afford the Government access to the Contractor's or other external organization's facilities, installations, technical capabilities, operations, documentation, records, and databases. The Contractor will cooperate with Federal agencies and their officially credentialed representatives during official inspections or investigations concerning the protection of FS information. Cooperation may include providing relevant documentation showing proof of compliance with federal and agency requirements, and rendering other assistance as deemed necessary.

If new or unanticipated threats or hazards are discovered by either the Government or the Contractor or other external organization, or if existing safeguards have ceased to function, the discoverer will immediately bring the situation to the attention of the other party. The Contractor will report real or suspected incidents or violations to the FS Computer Incident Response Team (CIRT), by e-mail, at [CIRT@fs.fed.us](mailto:CIRT@fs.fed.us).

The Contractor shall insert these clauses in all subcontracts when the subcontractor is required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. Failure to comply with said requirements will constitute cause for termination.

The Contractor Agrees To –

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

- (a) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies—
  - (i) The systems of records; and
  - (ii) The design, development, or operation work that the contractor is to perform;
- (b) Include the Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the redesign, development, or operation of a system of records on individuals that is subject to the Act; and
- (c) Include this clause, including this paragraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a system of records.

In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Contractor is considered to be an employee of the agency.

**Definitions of the clause:**

- (a) "Operation of a system of records," as used in this clause, means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.
- (b) "Record," as used in this clause, means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and that contains the person's name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a fingerprint or voiceprint or a photograph.
- (c) "System of records on individuals," as used in this clause, means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

The contractors and other external organizations will ensure that the following banner is displayed on all FS systems that contain Privacy Act information operated by the contractors and other external organizations prior to allowing anyone access to the system:

"This system contains information protected under the provisions of the privacy act of 1974 (public law 93-579). Any privacy information displayed on the screen or printed must be protected from unauthorized disclosure. Employees who violate privacy safeguards may be subject to disciplinary actions, a fine of up to \$5,000, or both."

**IT Security Training:** The Contractor and other external organizations will ensure that its employees performing under this contract fulfill all Forest Service requirements for mandatory security awareness and role-based advanced security training in accordance with OMB Circular A-130, FISMA, and NIST requirements, and sign all applicable FS statements of responsibilities.

**Background Investigations:** All non-government employees with unescorted access to FS facilities, computer systems and/or FS information must have background investigations commensurate with the level of risk and magnitude of loss or harm. The FS will determine the level of background investigation and position classification needed.

**Personal Identity Verification of Contractor Personnel:** The Contractor shall be responsible for ensuring compliance by its employees with all applicable federal regulations, to include those of GSA, NIST, USDA, FS and HSPD-12. Contractors and their employees are subject to all Federal laws applicable to Government installations and are under the jurisdiction of the Federal Protective Service (FPS). The Contracting Officer Representatives (CORs; also known as Contracting Officer Technical Representatives) , or other designated

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

program/project officers, in conjunction with the FS HCM HSPD-12 staff, will assist the Contractor in processing the required Security Background Investigations/Clearances.

(1) The contractor shall comply with the personal identity verification (PIV) policies and procedures established by Department of Agriculture (USDA) Directives 3800 series.

(2) Should the results of the PIV process require the exclusion of a contractor's employee, the contracting officer will notify the contractor in writing.

(3) The contractor must appoint a representative to manage this activity and to maintain a list of employees eligible for a USDA PIV ID Badge required for performance of the work.

(4) The responsibility of maintaining a sufficient workforce remains with the contractor. Employees may be barred by the Government from performance of the work should they be found ineligible or to have lost eligibility for a USDA PIV ID Badge. Failure to maintain a sufficient workforce of employees eligible for a USDA PIV ID Badge may be grounds for termination of the contract.

(5) The contractor shall insert this clause in all subcontracts when the subcontractor is required to have access to a federally-controlled facility or information system.

(6) The PIV Sponsor for this contract is the contracting officer representative (COR), unless otherwise specified in this contract. The PIV Sponsor will be available to receive contractor identity information from \* (hours and days) to \* (hours and days) at \* (office address for registration). The Government shall notify the contractor if there is a change in the PIV Sponsor, the office address, or the office hours for registration.

(7) At this time, the Government will pay for and process all required security investigations/clearances, except as identified differently within this clause.

(8) The Contractor should be aware of any of its employees possibly having had a background investigation through another government agency. The investigation that was conducted, if verifiable by the FS HSPD-12 staff and, if it was completed within the last 5 years, can be accepted by the Government in lieu of a background check.

(9) The Contractor shall comply with any facility badging requirements for the issuance of building access, badges, etc.:

- Ensure that each of the Contractor's employees has been issued either a temporary or permanent badge from the Government. A permanent badge will not be issued until the security questionnaire has been completed and favorably reviewed. Temporary or visitor badges will be provided for persons who are identified as having an infrequent or temporary legitimate business need for access to the site. As noted above, periods that exceed 180 days will require a permanent badge. The badge must be worn at all times while in the facility. It must be displayed above the waist. The individual will retain possession of the badge as long as continued admittance to the site is needed.
- Ensure the safekeeping, wearing, and visibility of Government furnished badges.
- Immediately return all badges and permits to the Government when such need ceases to exist.

(10) The Contractor shall comply with any facility security requirements for access to the facility.

(11) The Contractor shall comply with all applicable rules governing parking at USDA locations.

## CONTRACT CLAUSES

The following clauses are incorporated into 52.212-4 as an addendum:

### 52.252-2 Clauses Incorporated By Reference (FEB 1998)

### 452.204-71 PERSONAL IDENTITY VERIFICATION OF CONTRACTOR EMPLOYEES (Oct 2007)

Contracting Officer Representatives (CORs; also known as Contracting Officer Technical Representatives), or other designated program/project officers, will serve as personal identity verification (PIV) Sponsors for contractor personnel.

(a) The contractor shall comply with the PIV policies and procedures established by the Department of Agriculture (USDA) Directives 4620 series. Before a contractor employee may begin work on this contract, each contractor employee must at a minimum and as directed by the PIV Sponsor:

- i. Provide Sponsor with personal identity information required for PIV enrollment upon request.
- ii. If no Background Investigation is completed or in progress, input information into Electronic Questionnaire for Investigations Processing (e-QIP) system located on the Office of Personnel Management (OPM) secure website, if available. If e-QIP is not available, fill out the appropriate SF-85, Questionnaire for Nonsensitive Positions, SF-85P, Questionnaire for Public Trust Positions, or SF-86, Questionnaire for National Security Positions, as appropriate, and items 1, 2, 8 through 13, 16 and 17a of the OF-306, Declaration for Federal Employment.. The current version of form SF-85 carries Office of Management and Budget (OMB) control number, 3206-0005. Form SF-85P has OMB control number 3206-0191. Form SF-86 has control number 3206-0007. Form OF-306 has OMB control number 3206-0182. - iii. Complete a Fair Credit Reporting Release, and Submit fingerprints for a background check on two (2) FD-258 Fingerprint Charts. The Fair Credit Reporting Release is located at: <http://www.usda.gov/da/pdsd/Web-Fair.htm>.. The FD-258 Fingerprint Charts may be obtained by

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

contract companies (not individuals) email request at [fisdgoodwillwarehouse@opm.gov](mailto:fisdgoodwillwarehouse@opm.gov). Include the number of cards required, the address to which they should be mailed and a point of contact. Contractor employees' fingerprints shall be taken by a Federal security office, or Federal, State, municipal or local law enforcement agency.

- iv. Schedule an enrollment appointment. The Applicant will be notified (e.g. by e-mail) to schedule an enrollment appointment time and location in a web-based application.
- v. Appear for the enrollment appointment at the time and place scheduled.
- vi. Provide the Registrar with two I-9 identity source documents in original form. The identity source documents must be documents listed as acceptable for establishing identity on Form I-9, Employment Eligibility Verification, List A and B. The I-9 Form may be found at <http://uscis.gov/graphics/formsfee/forms/files/i-9.pdf>. At least one document shall be a valid State or Federal government-issued picture identification (ID) card. Applicants who possess a current State Drivers License or State Picture ID card shall present that document as one identity source document before presenting other State or Federal government-issued picture ID cards.
- vii. Submit to a digital photo taken by the Registrar.
- viii. Submit 10 rolled fingerprints to the Registrar. These fingerprints will be stored on the card for automated authentication during card usage.
- ix. Digitally sign the enrollment package as instructed by the Registrar.
- x. Pick up the credential at the specified time and place. The shipping address will be collected by the Sponsor as part of the personal identity information required for PIV enrollment. Finalization instructions to activate the credential will be sent via email to the Contractor Employee or Contractor Point of Contact (if Contractor Employee does not have an email address).
- xi. Take the credential to an Activation station to activate it via biometric verification.
- xii. Set a PIN for the credential at the Activation Station.
- xiii. Provide a digital signature to complete the activation.

Contractor ID badges will be issued after successful identity proofing of the contractor employee applicant, and upon a successfully adjudicated NACI or OPM/NS BI. All contracts must detail periods of performance. Contractors must renew their cards at the end of their period of performance.

(b) Should the results of the PIV process require the exclusion of a contractor's employee, the contracting officer will notify the contractor in writing.

(c) The contractor must appoint a representative to manage compliance with the PIV policies established by the USDA Directives 4620 series and to maintain a list of employees eligible for a USDA LincPass (when available) required for performance of the work.

(d) The responsibility of maintaining a sufficient workforce remains with the contractor. Employees may be barred by the Government from performance of work should they be found ineligible or to have lost eligibility for a USDA LincPass. Failure to maintain a sufficient workforce of employees eligible for a USDA LincPass may be grounds for termination of the contract.

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

(e) The contractor shall insert this clause in all subcontracts when the subcontractor is required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system.

(f) The PIV Sponsor for this contract is a designated program point of contact, which in most cases is the Contracting Officer Representative (COR), unless otherwise specified in this contract. The PIV Sponsor will be available to receive contractor identity information from 8AM to 4PM Monday thru Friday at 1621 N Kent Street, Rosslyn Plaza East, Arlington, VA. The Government will notify the contractor if there is a change in the PIV Sponsor, the office address, or the office hours for registration; however, it is the contractor's responsibility to meet all aspects of paragraphs (c), (d), and (e).

(End of Clause)

## **SOLICITATION PROVISIONS**

### **ADDENDUM to FAR 52.212-1 Instructions To Offerors—Commercial Items**

The following provisions are incorporated into 52.212-1 as an addendum to this solicitation:

#### **52.252-1 Solicitation Provisions Incorporated By Reference (FEB 1998)**

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<http://www.acquisition.gov/far/index.html>  
<http://farsite.hill.af.mil/vffara.htm>

(End of Provision)

### **ADDENDUM to FAR 52.212-1 Instructions to Offerors --- Commercial Items - Sub-Part 13.5 Test Program**

This procurement is being conducted under the Subpart 13.5 test program where simplified acquisition procedures apply and the conduct of the procurement will be in accordance with Parts 12, 13 or 15 of the FAR or some combination thereof.

(End of Addendum to 52.212-1)

#### **52.212-2 Evaluation—Commercial Items (JAN 1999)**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Technical Capability\*  
Past Performance\*  
Price

\*See evaluation factor details outlined below.

Technical Capability is approximately equal in importance to Past Performance.

Technical Capability and Past Performance, when combined, is significantly more important than price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

### **Proposal Preparation Instructions**

1. These instructions are designed to ensure the submission of information essential to understanding and comprehension of the proposal. There is no intent to limit the content of the proposal. The instructions permit the inclusion of any additional data and/or information an offeror deems pertinent. Offerors are cautioned to follow the detailed instructions fully and carefully, as the government reserves the right to make an award based on initial offers received, without discussions of such offers.
2. After compiling all required information, reassemble the solicitation document in accordance with appropriate instructions and return the executed documents to the issuing office listed in Block 9 of the SF 1449 on or before the date/time specified on the front of the SF 1449.
3. To aid in the evaluation process, proposals shall be complete, comprehensive and clearly presented. Proposal shall be neat, indexed (cross-indexed as appropriate) and assembled in an orderly manner. Elaborate artwork is neither necessary nor desired. All pages of each part shall be appropriately numbered and identified with the RFP number. The offeror shall provide whatever other narrative or supporting materials (matrix, charts or other graphics) considered necessary for the government to fully understand the proposal.

**Proposal Format and Content.** The proposal shall consist of two physically separate and detachable parts as follows:

- Part I – Executed Request for Proposal (RFP Documents)\*
- Part II – Technical Capability & Past Performance \*

\* Proposals can be submitted electronically to [mdolson@fs.fed.us](mailto:mdolson@fs.fed.us), please try to limit the size of attachments to less than 5MB (if mailing, please provide two copies of each part listed above)

**Part I – Executed Request for Proposal Documents.** Part one shall contain the following solicitation documents:

1. SF 1449, page 1
2. Price Schedule\*
3. Any amendments thereto

\* The Price Schedule shall include a list of appropriate GSA Labor categories necessary for this contract along with the proposed hours for each.

### **Part II – Technical Capability & Past Performance**

The following evaluation factors are listed in descending order of importance

#### **1. Technical Capability**

This factor is meant to address how the offeror plans to accomplish the work. It is made up of three sub-factors as described below. In addition to the below sub-factors the Contractor's technical volume must address the Contractor's understanding of the SOW. This understanding shall not be a reiteration and acceptance of the requirements from the SOW but shall be evidence that the Offeror understands the work required to meet the SOW requirements. Offerors shall demonstrate in

sufficient detail a technical approach which will successfully meet the requirements of the SOW. Work understanding shall identify the methodology and experience to be used to fulfill the requirements.

The three sub-factors for Technical Capability listed below are of equal importance:

a. **Key Personnel Resumes**

Offerors shall provide resumes for each position proposed for this contract. If one of the Key Personnel is not a current employee of the Offeror, then the resume must be accompanied by a binding contingency hire agreement in the Offeror's standard corporate format which has been signed by the potential employee and the Offeror and which reflects agreement on position and salary.

At a minimum, resumes shall contain the following information:

- 1) Name of person and proposed position
- 2) A description of the previous 5 years of employment history including employer's name, address and telephone number(s) of immediate supervisor, employment period, position title, duties and responsibilities;
- 3) Applicable experience, expertise, and qualifications
- 4) Demonstrated experience related to the SOW
- 5) Credentials and/or relevant technical certifications to meet the SOW requirements.

Accuracy and truthfulness of Key Personnel resumes shall be verified through a signed statement by an officer of the offering prime Contractor.

- b. Past experience assessing programs and applications. Development of governance models or a strategic framework based on assessment data.
- c. Experience and expertise with the following subjects:
  1. Geospatial technologies, data and applications
  2. Geospatial organizational structure and management
  3. Wildland Fire Management Operations

**2. Past Performance**

Offerors shall submit a consecutive list of all relevant past and present performance for the last three years as well as resumes for all key personnel that will provide services under this contract. Relevancy is defined as providing comparable services with respect to this type of service, this type of project and complexity. Past performance shall include the following:

1. Name of contracting activity/company
2. Contract number
3. Contract type
4. Total contract value (basic year and any options)
5. Contract Work
6. Contracting Officer and telephone number
7. Program Manager and telephone number
8. Administrative Contracting Officer and telephone number, if different than (6)

**Geospatial Governance Model Development**  
**AG-024B-S-09-0035**

- a. The offeror may provide information on problems encountered on the contracts and subcontracts identified above and corrective actions taken to resolve those problems. Offerors should not provide general information on their performance on the identified contracts. General information will be obtained from the references.
- b. The offeror may describe any quality awards or certifications that indicate the offeror possesses a high-quality process for developing and producing the product or service required. Such awards or certifications include, for example, the Malcolm Baldrige Quality Award, other government quality awards and private sector awards or certifications (e.g. the automobile industry's QS 9000, Sematech's SSQA or ANSI/EIA-599). Identify what segment of the company (one division or the entire company) that received the award or certification. Describe when the award or certification was bestowed. If the award or certification is over three years old, present evidence that the qualifications still apply.
- c. Offerors with no past experience in providing services/products similar to governments stated objectives shall state so.
- d. Offerors lacking recent and relevant past/present performance experience similar to the government stated objectives may submit information regarding key personnel who have recent and relevant experience. In this case, offerors shall provide the following information, as a minimum, to allow government evaluators to conduct past/present performance evaluations on those key personnel cited by the offeror.
  1. Name of Key Personnel
  2. Complete Address
  3. Telephone Number
  4. Brief synopsis of relevant experience (a resume may be submitted)
  5. Provide 3 references for each key person to be utilized and include the following for each reference:
    - (a) Complete Address
    - (b) Point of Contact
    - (c) Telephone Number
    - (d) Contract Number
    - (e) Contract Type
    - (f) Project Title
    - (g) Contract Period of Performance
    - (h) Brief Description of Work

Past performance confidence assessment shall be accomplished for all offerors, and each offeror shall be assigned one of the following ratings:

<b>RATING</b>	<b>DEFINITION</b>
Exceptional/High Confidence	Based on the offeror's performance record, essentially no doubt exists that the offeror will successfully perform the required effort.
Very Good/Significant Confidence	Based on the offeror's performance record, little doubt exists that the offeror will successfully perform the required effort.
Satisfactory/Confidence	Based on the offeror's performance record, some doubt exists that the offeror will successfully perform the required effort.

**Geospatial Governance Model Development  
AG-024B-S-09-0035**

Neutral/Unknown Confidence	No performance record identifiable (see FAR 15.305(a)(2) (iii) and (iv)).
Marginal/Little Confidence	Based on the offeror's performance record, substantial doubt exists that the offeror will successfully perform the required effort. Changes to the offeror's existing processes may be necessary in order to achieve contract requirements.
Unsatisfactory/No Confidence	Based on the offeror's performance record, extreme doubt exists that the offeror will successfully perform the required effort.
<ul style="list-style-type: none"><li>a. A number of past performance references provided by offerors will be selected and investigated. Any derogatory past performance information obtained will be presented to the affected offeror and that offeror will have an opportunity to respond with any mitigating facts. The final determination of past performance ratings shall rest with the contracting officer.</li><li>b. An offeror with limited or no recent or relevant past performance will receive a rating of Neutral/Unknown Confidence, and will not be rated favorably or unfavorably on past performance.</li><li>c. Past performance shall be evaluated on the basis of the following subfactors of equal importance:<ul style="list-style-type: none"><li>1) Contractor Responsiveness</li><li>2) Quality of Service and Workmanship</li><li>3) Contract Management</li><li>4) Cost Containment</li></ul></li></ul>	

### **Proposal Evaluation**

The submitted proposals will be reviewed by a board comprised of CIO personnel, both technical and managerial. Quotes will be evaluated based on technical merit relative to the Statement of Work. The Non-Price Evaluation Factors' importance is in the following descending order with the most important factor listed first: Factor 1-Technical Capability with three (3) sub-factors of equal importance, Factor 2- Past Performance. When combined, the Non-Price Factors are significantly more important than Price in the award decision. The Price Proposal will be evaluated but not scored, and selection will be made on a best-value basis.

An award will be made to the offeror who represents the best value to the government in terms of technical capability, past performance and price, as outlined above. The government reserves the right to award the contract to other than the lowest priced offeror.
